**Reminders**

- Leadership Summit – Sept 9 – 6:30
- Walk for Life – Sept 6

**Remember**

When you get squeezed, what you have learned and internalized comes out. How have you seen this in your life?

When you think about the series, what stands out to you?

**Deepen**

Talk through the points from the sermon and discuss the questions.

**Mourning and Burial – vv. 1-14**

- Talk about being prepared for dying. Did anyone take any steps for this?
- How are you prone to squelch emotion and handle tasks in difficult situations?
- Why is expressing emotion so hard for men? Why must we get better at this?

**Family Dynamics – vv. 15-18**

- Brian talked about families as connected systems (Tinker Toys). Let each member of your group talk about the system of their connected family.
- How have you experienced family dynamics changing? What happened to the structure of the family?
- Brian talked about the tendency for us to play either savior or judge for our families. How have you seen that in your family?

**Joseph's Legacy – vv. 19-26**

- Talk through the three things.
  - I'm not the center of the story.
  - God has a plan
  - God keeps his promises.
- Which of these has been most helpful to you in this series?
- When you think of Joseph's words having generational impact on his people (his words from Genesis 50 are repeated in Exodus 13), how does that encourage you to invest in those around you?

**Transform**

What needs to happen in your life so that when squeezed truth comes out?

Brian said, "If you and I are going to learn this, we must do it in relationship with Jesus and those who walk with Jesus as we walk through the crucible of life."

- What needs to happen in your relationship with Jesus?
- How does your walk with those who love Jesus need to change?
- How can we walk with one another through pain and suffering so that we internalize what we need to learn?
