

Prayers for Exodus
Hope in God's Power
Exodus 3-4
1.11.15

Remember

Ask someone from the group to share about his/her experience with the Prayer Guide.

Brian said, "What we know of someone will affect what we ask of that person." What does that mean? How have you seen it to be true?

The Prayer Focus for this week is **That we would Hope in God's Power...more than we worry about our weakness.**

- How might that apply to your life?
- What keeps you from hoping in God's Power?

What stands out to you from Exodus 3-4 or from the sermon?

Deepen

What do we learn about God's character at the burning bush?

Talk about Moses' Questions and Objections.

- Questions: Who am I? Who are you?
- Objections: They will not trust me. I can't do this. I don't want to go.
- Any of them stand out to you as familiar to you (i.e. things you use to not follow God's Call)?
- How do you see yourself in Moses' Questions and Objections?

We know that nothing is too hard for the Lord. What gets in the way of that knowledge practically in your life?

Brian described the process of **Philippians 4:6-7.**

- What are some of the sources of anxiety?
- How have you experienced the healing that comes from applying this verse?
- How does a reminder about God's Power help us with our anxiety and worry?

Transform

How might we reflect Moses when we read a verse like **1 Peter 4:10-11**?

How does Hoping in God's Power encourage our obedience to God's call?

Brian pointed out that Moses was around 80 years old when God called him to follow his plan. As we get older, how can we keep our heart open to God's call on our life?

What are some opportunities for you to Hope in God's Power in your life right now?

Close your time with prayer.
